PENNSYLVANIA INVADIED!

Chambersburg Occupied by Rebel Cavalry.

HARRISBURG, July 30.—A large force of rebel cavalry entered Chambersburg at three o'clock this morning.

Gen. Couch is at Carlisle.

The Governor has arrived in the city. The citizens here are arming.

The Rebel Invasion of Pennsylvania.

Citizens of Harrisburg Occupied

THE PANIC SPREADING

No Telegraphic Communication with Chambersburg.

GOV. CURTIN'S PROCLAMATION.

HARRISBURG, July 30.—The most experienced military men at the post are convinced that the invasion of the State is by a large force, composed of some of the best troops of Lee's army. It is also believed that the invasion is of a character too gigantic to be regarded as a mere raid.

The telegraphic operator has left Shippensburg, and the presumption is that the enemy has thrown out strong advance parties in that direction.

Since 3 o'clock this morning we have no communication with Chambersburg. At that hour the rebels entered and now hold that place.

Major General Couch is at Carlisle directing the necessary means of defence, the details of which cannot, of course, be alluded to.

The presumption is, however, that he will be able to offer a stern resistance to any advance that may be made in this direction.

The Governor has just issued the following proclamation to the people of Harrisburg:

PENNSYLVANIA EXECUTIVE CHAMBER, 3
HARRISBURG, July 30, 1864.

The enemy have once more entered Pennsylvania. They occupied Chambersburg at three o'clock, a. m., to-day, with cavalry and artillery. A few hours will develop their force and intentions. It is possible that their movements may be directed against the city. In view of such a contingency, I therefore call upon the people of Harrisburg and vicinity to organize at once to defend their homes. Arms and ammunition will be delivered to each organized company upon application to the Adjutant General.

No muster into the service, either of the State or of the United States, will be required. (Signed) A. G. CURTIN.

An immense town meeting was being held in the court-house, and the people are enrolling themselves for organization to defend the city.

Adjutant General Russell has just issued an order, which is posted on all the newspaper bulletin boards, to the effect that arms will be issued to all reliable citizens.

SECOND DISPATCH.

PHILADELPHIA, July 30.—A special dispatch to the *Bulletin*, dated Harrisburg, July 30th, says the rebels continue their advance. They are marching in three columns, one of which halted at St. Thomas, a point some miles distant from Chambersburg. Since 3 p. m. of to-day no telegraphic dispatches have been received over the American line. The inference is, that the operator fled or had been captured.

A few minutes previous to that hour he notified the Harrisburg and Pittsburg offices that the advance guard of the rebels had entered that town.

The suppositions of yesterday have been confirmed, and in official circles here it is believed that it is their intention to proceed to Bedford county and the mountains adjacent, a sort of rendezvous.

The Hon. Thomas A. Scott proceeded to Bedford in a special train yesterday to confer with the Governor. The latter returned with him to Harrisburg to-day.

Nothing has been heard, definitely, whether the rebels are destroying private property or pillaging the country in their advance.

There is none of that alarm shown that was so painfully manifested during the former rebel incursions. It was hard to realize that a bitter and relentless foe was in close proximity, but, nevertheless, it is so.

The *Harrisburg Patriot and Union* says the telegraph wires are all down between the former place and Cumberland. The dispatch came by way of Frederick.

The agent of the Adams Express Company refused to receive freight for beyond Chambersburg, and to that point was at the risk of the shippers.

Trains on the Northern Central road are still running as usual. The Cumberland Valley road will run their trains only to Carlisle.

Gen. McPherson's Successor.

CINCINNATI, July 29.—A private dispatch from Gen. Sherman's headquarters announces the assignment of Gen. O. Howard to the command of the army and department of Tennessee, the position made vacant by the recent death of Gen. McPherson. Gen. Howard's chief of staff will be Lieut. Col. Wagner, formerly of the 75th Ohio volunteers.

A Rebel Battery on the Mississippi.

CAIRO, July 29.—The steamer *Empire*, ex-New Orleans on the 21st, reports that a rebel battery of five guns, situated fifteen miles above Skipton Landing, fired several shots into one of our gunboats on the 21st, doing but little damage. The steamer *Clara*, from Vicksburg for White river, not being heard from, it is feared that she has been destroyed.

Suspected Pirate.

PHILADELPHIA, July 29.—The steamer *Republic*, from New Orleans, reports that on the 27th, in the afternoon, north of Cape Hatteras, she saw a suspicious steamer steering north, bark-rigged and painted black, and burning soot coal. She steered for the *Republic*, but finally lost sight of her.

Volunteers Called For.

St. LOUIS, July 29.—Gen. Rosecrans, by authority of the War Department, has called for nine regiments of six months' volunteers for the protection of that State against guerrilla or invasion. In the same connection Gen. Hall issues a proclamation stating the emergency to be great, and urging the people to respond.

BY TELEGRAPH

FROM HARPER'S FERRY.

A Doubtful Report About Mosby's Train Running Regularly to Frederick.

PHILADELPHIA, July 30.—A dispatch from Harper's Ferry to the *Bulletin*, dated yesterday, says:

It has been ascertained that Col. Mulligan is not dead, but badly wounded and a prisoner in the hands of the enemy.

Pretty well authenticated information received here to-night is to the effect that the rebel Mosby, with 500 cavalry, has crossed the Potomac into Maryland at Edward's Ferry, and is endeavoring to intercept our wagon trains. But I learn that it is strongly guarded.

Other good authorities think the report very doubtful, and that no armed rebels are yet in Maryland.

Trains arrive regularly from Sandy Hook and Frederick.

Gen. Washburn's Subject.

MEMPHIS, July 27.—An apparently authentic report from Helena says that an expedition consisting of a colored regiment and a portion of the 15th Illinois cavalry, with a section of the 10th Iowa, were late this noon on Monday morning in the direction of White river, near Nelson, some eighteen miles out, encountered a formidable rebel force, and after a short fight was obliged to retire, with a loss of 15 killed.

Col. Brooks, of the colored regiment, and a captain of the artillery, are reported killed. The rebels pursued the force to within eight miles of Helena, where the troops made their stand. A sharp fight was going on there when our informant left. The remainder of the 15th Illinois cavalry and other reinforcements are being sent out from Helena.

Gen. Washburn has issued orders that all persons in West Tennessee and Mississippi having cotton will be permitted to bring it to Memphis, and store it in the hands of the Government quartermaster's subject. Any disposition as may hereafter be made, the quartermaster giving a receipt therefor. Any cotton brought in and disposed of in any other manner will be confiscated to the United States Government.

From New Orleans.

NEW YORK, July 29.—An arrival from New Orleans of the 21st reports the capture of the steamer *Quaker* off the coast of Mississippi, and the steamer *George Washington* off the Belize. On the 25th saw a side-wheel steamer chase a blockade runner, but the chase was fruitless.

The New Orleans *Eve* of the 21st mentions a rumor that the pirate Florida had been captured by one of our gunboats, but states the report to be unreliable.

The *Enterprise* of New Orleans, from the Mobile blockade, had arrived at New Orleans.

Commencement at Lafayette College.

ROSELAND, Pa., July 28.—The exercises of the Commencement of Lafayette College, at Easton, Pa., yesterday. There were fifteen speakers from the graduating class and two from the masters. The valedictorian was W. F. Montross, of the class of '80. The prayer was by Rev. of Divinity was conferred upon Rev. G. W. Janvier, of New Jersey, and Rev. F. T. Brown, of the District of Columbia.

A Rebel Raid into Kentucky.

CLARKESVILLE, TENN., July 28.—Parties of rebel cavalry are crossing the Cumberland river, and are making their way into Kentucky. Yesterday a party of one hundred and twenty-five crossed the river at this place, under Col. Johnson, and another smaller party crossed below. They were all armed and mounted, and had regular officers.

From Tennessee.

NAKESVILLE, July 28.—One thousand and twenty-five prisoners, including sixty-four commissioned officers, arrived here to-night. The men captured in the battle before Atlanta on the 22nd and 23rd inst. They comprise troops from nearly every Southern State. Among the officers were one colonel, one lieutenant colonel and one major, the balance being officers of lower grade.

Dr. Gilpin Not Killed.

LOUISVILLE, Ky., July 28.—Yesterday's statement of the killing of Dr. Gilpin was incorrect. He was shot, but did not die. He had some difficulty with a soldier, and this was magnified into a collision which did not occur.

Eg Lyon's Katharon...—Katharon is from the Greek word "Kathro," or "Katharo," signifying disease, rejuvenate and restore. This article is what it says signifies. For preserving, restoring and beautifying the human hair it is the most remarkable preparation in the world. It is again owned and put up by the original proprietors who have made such wonderful effects upon their own heads as they are invited to attend. It makes the hair rich, lustrous, and glossy. It prevents the hair from falling off and turns gray.

It restores fair hair upon bald heads.

Any lady or gentleman who values a beautiful head of hair should try this Katharon. If you know and used throughout the civilized world. Sold by all respectable dealers.

Eg Mexican Mustang Limental.—The parties in St. Louis and Cincinnati, who have been counterfeiting the Mustang Limental under pretense of proprietorship, have been thoroughly exposed by the courts. To guard against future imposition, I have caused my name and the United States Treasury private steel plate revenue stamp which is placed over the top of each bottle. Each stamp bears the face simile of my signature, and without whose approval no counterfeit can be sold. This Limental has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable globe that does not contain some of its successful effects. It is the best emollient in the world, and contains the most proved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, painful relieved. Lives saved, valuable animals made useful, and untold life assuaged. For cuts, bruises, swellings, hemorrhoids, pimples, boils, chafed breasts, strained horses, etc., it is a sovereign remedy that should never be dispensed with. It should be in every family. Sold by all druggists.

Eg Helmetree's Inimitable Hair Restorative,—NOT A DYE, but restores gray hair to its original color, by supplying the capillary tubes with natural coloring matter. It cures itching scalp, dandruff, and keeps the hair soft and healthy. All instantaneous dyes are composed of lunar salts, destroying the vitality and beauty of the hair, and afford themselves no dressing. Helmettree's Coloring not only restores hair to its natural color but gives it more increasing the hair a LUXURANT BEAUTY, promotes its growth, prevents its falling off, eradicates dandruff, and imparts health and pleasantness to the skin. It has stood the test of time, being the original Hair Coloring, and is so far exceeding in favor. Used by both gentlemen and ladies. It is sold by all respectable dealers, and can be procured by them of the commercial agents,

Eg Hagans' Magnolia Balum.—This is the most delightful and extraordinary article ever discovered. It changes the sun-burnt face and hands to a peony satin texture of ravishing beauty, imparting the marble purity of youth, and the disarming glow of maturity. Its perfume, like the city bells of fashion, it removes tan, freckles, blemishes and roughness from the skin, leaving the complexion fresh, transparent and smooth. It contains no material injurious to the skin. Patented by Acton-Hagans, London. It is worth every body should have. Sold everywhere.
